

The Lesbian Porn Shooting

Starring into the camera, Nicole said, "Yeah baby, eat my pussy".

Samantha was licking her twat like a professional from jessiporno.com website. Fingering Nicole's wet pussy, going in and out with two fingers, Samantha had her face buried. She was making Nicole scream with pleasure. Focusing on Nicole's G-spot, she was changing speeds between rapidly licking the one spot and then slowly sucking it. The two girls had never had so much fun. Taking her fingers out of the dripping cunt, Samantha put both of her hands on each of Nicole's butt cheeks and slightly lifted her closer to her face as she began fucking Nicole with her tongue. Samantha went in and out, in and out while Nicole had her legs loosely wrapped around Samantha's neck; moving in a sexual motion ever so slowly.

Now it was Nicole's turn to join in on the pussy eating. Laying Samantha fully on her back, Nicole starddled her face and dove right into the wet twat in front of her. While the two beauties were in the 69 position, all you could hear was high pitched screaming and loud moaning. With Samantha underneath, she was sucking Nicole's pussy so good that she could feel the cum starting to trickle out of her puddle filled pussy. Not stopping there, Samantha reached up with her left hand and started fingering Nicole's asshole while Nicole fucked her face faster than ever. Nicole was incredible turned on with Samantha's fingers in her ass and started to switch between sucking Samantha's click and eating her asshole. The two girls continued to pleasure each other for a long time until both simultaneously squirted huge streams of cum out of their soaked cunts.

Not wanting to stop and unbelievably horny, Nicole stood up and went to get her strap on dildo out of her bedroom. Coming back to the living room, Nicole looked at Samantha and said "Fuck my ass". This brought a huge smile to Samantha's face as she strapped on the massive rubber dick. "Bend over", Samantha said. With Nicole bent down in front of her, Samantha smacked her butt and started to eat Nicole's ass again. Feeling that the tight asshole in front of her was lubed up enough, Samantha slid her fake dick inside and started to pound Nicole's tight asshole.

Screaming with both pleasure and pain, Nicole started to frantically masturbate and rub her pussy. Almost instantly, Nicole squirted again all over her hand and starting to lick all of the cum off of her hand while Samantha continued to fuck her ass. Pulling the strap on out Nicole's beat up asshole, Samantha saw a stream of shit pour out of Nicole's ass. "That was amazing, said Nicole. Walking over to the camera that recorded everything, Samantha switched it off and immediately plugged it in to her computer. With a big grin, Samantha said, "this will be great for our website" as she uploaded it to JessiPorno.com [lesbian tube](#).
